ABOUT ME

As a friendly and dedicated team player, I bring a positive attitude and a strong work ethic to every project. With a passion for achieving my goals and a willingness to go above and beyond, I am committed to delivering high quality results that exceed expectations. Overall, I am a hardworking and enthusiastic professional who is always ready to collaborate and contribute to a dynamic team environment.

WORK EXPERIENCE

Frontend Developer

Centar NIT [09/08/2022 – Current]

City: Novi Pazar

Country: Serbia

During my work experience, I have participated in the development of a habit tracker application as part of a team of three developers. I was responsible for implementing key functionalities and ensuring the application provides users with intuitive habit tracking capabilities. Additionally, I am independently developing a social media application, where I am focusing on creative design, functionality, and user experience, with the expectation of receiving valuable feedback from users. In addition to these projects, I have also worked on a series of smaller projects, successfully applying my skills in various technologies and gaining valuable experience in the software development industry.

Ministry of Public Administration

Ministry of Serbia [01/12/2022 – 01/09/2023]

City: Belgrade

Country: Serbia

As an intern in the Department of Public Administration and Local Self-Government, I work in the sector of public and e-government. My job focuses on supporting the development and implementation of public and e-government services to improve the quality and efficiency of public administration. This includes analyzing and developing e-government services, evaluating public services, providing support to users of e-government services, and staying up to date on relevant laws and regulations related to public and e-government.

Tutor

Centar NIT [01/03/2022 – 01/12/2022]

City: Novi Pazar

Country: Serbia

As a frontend lecturer, my job focuses on teaching HTML, CSS, JavaScript, ReactJS, and Redux to students. I prepare and deliver lectures on these technologies, develop curriculums and materials for lectures and exercises, evaluate student work and provide feedback, and stay up-to-date on the latest trends and innovations in web technologies. I collaborate with other lecturers and teams to ensure the quality of the teaching process

DIGITAL SKILLS

React.js / React Native / Typescript / Javascript / Tailwind / Styled component / Redux / Redux Thunk / HTML5 / CSS / SASS / REST / Git / Figma / jest / MySQL
